FLAUTI

Flauti è la collezione di listelli per rivestimento in gres smaltato concepita da Ceramica Vogue per caratterizzare lo spazio architettonico attraverso una struttura in basso rilievo.

La sua disposizione randomica su rete è in grado di riflettere la luce in modi sempre diversi, conferendo un continuo "movimento" alle pareti su cui è posata.

Flauti include due listelli tridimensionali e un listello flat, disponibili nel formato 5x20 cm e 5x40 cm montati miscelati su rete 40x30 cm.

La collezione viene presentata in 6 varianti di colore, disponibili nelle finiture lucida e satinata, per il formato 5x20 cm.

Per il formato 5x40 cm sono disponibili 12 colori nella sola finitura lucida: i 6 colori del formato 5x20 cm più 6 nuovi colori di tendenza.

Flauti risulta adatta al rivestimento di spazi interni sia residenziali che commerciali come ristoranti o negozi, per le sue caratteristiche tecniche ed espressive ne viene suggerito anche l'utilizzo in esterno come rivestimento di facciate riprendendo una tradizione tipicamente italiana che trovò la sua massima espressione nella metà del secolo scorso.

Soluzioni customizzate disponibili a richiesta per la creazione di reti 30x40 personalizzate sia nella composizione sia nello schema di posa. Possibilità di scegliere tra soluzioni di soli listelli concavi, convessi o flat o miscelati tra di loro in maniera personalizzata.

Flauti is the stoneware listels collection for cladding, designed by Ceramica Vogue to feature the architectural space through a bas-relief structure.

It's random meshmounted supplied makes light reflecting in different ways giving thus a sort of "movement" to the walls.

Flauti comprehends two tridimensional listels and a flat one, available in sizes 5x20 and 5x40 cm, mixed meshmounted on net 40x30 cm.

The collection is made in 6 colors, available in glossy and satin finishes, for the 5x20 cm size.

For the 5x40 cm size, 12 colors are available in the glossy finish only: the 6 colors of the 5x20 cm size and 6 new trendy colours.

Flauti is suitable for the indoor cladding of residential and commercial spaces, like restaurants or stores and precisely thanks to its technical and aesthetic characteristics also for the outdoor facades, recalling a typical Italian tradition which found its highest expression in the middle of the last century.

Upon request solutions for creating customized meshes 30x40 cm, thus allowing you to personalize both the net layout and the final laying. Possibility to choose among different customized solutions: only concave listels, only convex or flat or all the types mixed together.
