

STRATOS

An Italian tile made in the USA

STRATOS

An Italian tile made in the USA

Available in five different sophisticated colors, Stratos is the jewel of Florim USA. This strong and amazing porcelain is designed to out-perform all expectations. Made with high definition graphics, it is a perfect choice for both walls and floors in the kitchen, the living room, and the bathroom. In commercial projects, it conveys a marvelous touch of contemporaneity.

♦ MINIMUM GROUT SIZE RECOMMENDED = 5 MM (OR APPROX. 3/16") IF STAGGERED TILE PLACEMENT, WE RECOMMEND USING A 30% OFFSET. IF SPECIFIED BRICK PATTERN WITH 1/2 PATTERN MANDATORY, A BIGGER GROUT IS RECOMMENDED TO HIDE IMPERFECTIONS OF INSTALLATION (MINIMUM 1/4").

† RECTIFIED MATERIAL IS NOT MODULAR WITH NOMINAL PRESSED MATERIAL.

‡ FOR STAGGERED APPLICATIONS, WE RECOMMEND 30% OFFSET.

∞ THE SEMI-POLISHED IS NOT RECOMMENDED FOR EXTERIOR HORIZONTAL APPLICATIONS OR FOR WET AREAS OR WHERE STANDING WATER MAY ACCUMULATE.

SHADE VARIATION

V1

UNIFORM APPEARANCE
Differences among pieces from the same production run are minimal.

V2
SLIGHT VARIATION

Clearly distinguishable differences in texture and/or pattern with similar colors.

V3

MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

V4

SUBSTANTIAL VARIATION
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

LEED

PROGRESS THAT TOUCHES AND INVESTS IN THE ENTIRE SOCIETY

As a active member of the U.S Green Building Council, Florim spreads awareness to the entire American communities and encourages towards the use of building solutions inspired by environmentally friendly practices. Using Florim products for project implementation, will positively contribute in obtaining scores and points required for earning the LEED certification

(Leadership in Energy and Environmental Design).

A COMMITMENT TO THE DEVELOPMENT OF PRODUCTS FOR A CONSCIOUS BUILDING TRADE

Florim offers products containing recycled material. The adoption of eco-compatible production systems is merit of Italian designs produced in the U.S.

TECHNICAL DEVELOPMENT THAT CONSIDERS THE NATURAL ENVIRONMENT

Florim commits to the eco-compatible project and translates the same into an avant-guard production process, minimizing the negative impact on the environment.

WHY PORCELAIN?

There are many reasons to choose impervious porcelain tile over other floor coverings. It offers the largest array of design options and holds its value the longest. In a comparison between the many different flooring options, porcelain tile offers one of the most durable and least expensive options over the lifespan of the building.

Benefits of Porcelain Tile

- Impervious to water
- Easy to maintain
- Variety of design options
- Environmentally friendly
- Resistant to germs and bacteria
- Fade resistant
- Fire resistant
- Durable - best long-term value vs. other floor coverings

HOW TO MAINTAIN YOUR PORCELAIN TILE

- Sweep or vacuum regularly.
- Wash with a household cleaner and hot water then rinse with clean water (do not use wax, oil-based, or abrasive cleaners).
