	Staining Resistance	ASTM C650	Class A
	Dynamic C.O.F.	BOT 3000	> .42
	MOHS		7
	Breaking Strength	ASTM C648	354 lbf

For centuries, the Trident has been a bold symbol of mythology, strength and majesty. The three-pronged spear is said to be the lance of both Poseidon and Neptune - Gods of the Sea in legendary Greek and Roman mythology.

The tile design artists at Mediterranea have taken the spirit of the sea and the ancient Gods as inspiration for its newest porcelain tile series - TRIDENT. Rich with color, the 12"x12" Trident series is infused with the multitude of shades and hues found in the undersea world imagined by poets and philosophers through the ages.

To complete the design package, Trident is paired with 6 unique deco tiles called POSEIDON. Packaged separately, Poseidon decos can be mixed as accent tiles, or utilized as their own distinctive field tile design. The graphic background randomly shifts within each tile, so any installation of Poseidon decos delivers a beautiful blend of colors and patterns reminiscent of old-world design tradition.

Proudly made in the USA, Trident is offered with mosaic sheets and bullnose trim available to complete the design package. A legion of colors come together perfectly in this porcelain tile series to make a bold design statement. Trident is an all-new look that truly brings the old world to life - the latest design achievement from Mediterranea.
